ROCHESTER

High School Bowlers – It's Your Time to Shine!

The **4th Annual Turbo Tech Collegiate Expo** is headed to Rochester, New York, July 9-11, just before the Junior Gold held in neighboring Buffalo. Turbo has sponsored many events over the past 25 years, but none more inspiring than The Turbo Tech Collegiate Expo. It's an ideal platform for high school bowlers, parents and collegiate coaches to come together and explore future opportunities.

The Turbo Tech Collegiate Expo is an exceptional opportunity for any young athlete to learn and test their understanding of the sport while at the same time making valuable connections to collegiate bowling programs & scholarship opportunities. Unlike combine-style or skill drill camps, The Turbo Tech Collegiate Expo offers 2 full days of on-lane and classroom training with some of the **best coaches** in the sport including PBA Tour and World Champions, former Team USA and collegiate team members and prominent Sports Psychologist, Dr. Dean Hinitz, who shares insightful aspects on the mental game.

We recognize that parents and collegiate coaches also share a vital role in student performance. The Collegiate Expo also includes an opportunity for parents and coaches to attend several **FREE** informative seminars. And topping it all off, experts from the biggest brands in bowling will be tending trade exhibits and on lane ball demonstrations providing more insightful information. The Collegiate Expo is simply the **most comprehensive educational program in the country.**

Don't delay! Registration is limited to **ONLY 175** students and spots will fill up fast. Be sure to take advantage of the **Early Bird Discount** ending April 30th. For more information, contact us directly at 800-530-9878 or visit us on-line at www.turbogrips.com. We hope to see you this summer.
